INFORMED CONSENT FOR CT SCAN
WITHOR WITHOUT CONTRAST INJECTION

PATIENT NAME:_____

IF YOU ARE PREGNANT OR THINK THAT YOU MAY BE PREGNANT, PLEASE INFORM THE FACILITY PERSONNEL AT ONCE.

Your physician has requested that we perform a computerized tomography scan (CT) to obtain additional information. This is a diagnostic test that uses x-ray and a computer to produce images of internal body parts.

As part of your examination, we may need to inject you with a contrast solution containing iodine. This clear, colorless liquid is removed from your body by your kidneys and will not alter the appearance of your urine. It will show up on the images to provide important diagnostic information.

Soon after the injection you may experience a metallic taste and a warm sensation. You may feel some nausea. These feelings last only a short time.

Occasionally, minor allergic reactions occur in the form of itching, sneezing, hives, swelling of the eyes or wheezing. These symptoms may require treatment with medication we have on hand. It is very important that you inform the technologist if you experience any of the conditions mentioned in this form.

Rarely, a more serious reaction will occur. Even though it is extremely rare, medical statistics indicate that a fatality may occur from the injection of contrast. If you have had a reaction to a contrast injection previously or a history of asthma or other allergic conditions, any history of diabetes or any kidney disorder, anemia or sickle cell anemia, if you are taking Glucophage, are pregnant or breast feeding, you MUST inform the technologist.

The benefit of this exam is to assist your physician with making a diagnosis. There may be other imaging alternatives, however, your physician believes the CT scan to be the best diagnostic test for you after evaluating your symptoms and medical condition.

By my signature below, I hereby certify that I have fully read this consent, had it explained to me or have had it read to me. I have been given an opportunity to ask questions about my condition, alternative forms of treatment, the procedures to be used, and the risks and hazards involved. I understand its contents and have sufficient information to give this informed consent.

Health Information Exchange Authorization

HEALTH IMAGES endorses, supports, and participates in electronic Health Information Exchange (HIE) as a means to improve the quality of your health and healthcare experience. HIE provides us with a way to securely and efficiently share patients' clinical information electronically with other physicians and health care providers that participate in the HIE network. Using HIE helps your health care providers to more effectively share information and provide you with better care. The HIE also enables emergency medical personnel and other providers who are treating you to have immediate access to your medical data that may be critical for your care. Making your health information available to your health care providers through the HIE can also help reduce your costs by eliminating unnecessary duplication of tests and procedures. However, you may choose to opt-out of participation in the <CORHIO> HIE, or cancel an opt-out choice, at any time.

A Health Information Exchange (HIE) is an organization that oversees and governs the exchange of health-related information among organizations according to nationally recognized standards. A Health Information Exchange is an electronic health information system that stores your patient health information from multiple healthcare providers participating in the HIEs. It allows your other health care providers to view your past health information for continued care and other uses included in the provider's Notice of Privacy Practices. Your information will be stored within the HIE system, but it will not be visible to or able to be used by providers unless you opt-in to participate.

I authorize the above provider to disclose my medical information described above to the HIEs in which **HEALTH IMAGES** participates. Information used or disclosed pursuant to this authorization may be subject to re-disclosure by other providers and such information may no longer be protected.

I understand that treatment or payment cannot be conditioned on my signing this authorization. I understand that I may revoke this authorization in writing at any time except to the extent that action has been taken in reliance upon this authorization. I may submit a revocation request to the above provider for processing. This authorization will remain in effect indefinitely, unless I revoke it in writing.

The HIE is not able to manage restrictions on disclosure of your health information. A restriction is a request by the patient to not disclose certain information to certain people or companies. If the restriction is or was agreed to by us or other participating HIE healthcare providers, then you must elect to opt-out of the HIE in order to protect your restriction. This must be done at each HIE participating provider you visit.

I authorize release of my medical information to the Health Information Exchanges in which HEALTH IMAGES participates: Please Initial your selection

_____Yes (Opt-In) **_____No (Opt-out)**

Acknowledgement:
I, the undersigned, certify that I have read and fully understand the information in this Health Information Exchange Authorization form. I understand that if I need to change any information I have provided on this form, I will notify a staff member promptly.
